## ENVIRONMENT HEALTH & SAFETY POLICIES

Construction can be dangerous. But when a company really makes a commitment to safety, it can create a workplace in which employees can reasonably expect to have a career free of injury and illness. Track and Trace - Red constantly tightens their safety and health policies demanding that everyone, from upper management to most recently hired trainee, plays an important role in maximizing workplace safety and health. By following set guidelines, such as those outlined in our safety program, the risks of injury or illness are reduced or often eliminated.

Track and Trace - s commitment to safety includes the following:

- ✚ A detailed safety manual with employee training guidelines specified in each program
- ✚ Monthly safety training for foremen
- ✚ Weekly toolbox safety talks at all jobsites
- ✚ Regular jobsite safety inspections

Track and Trace- Red stands behind their belief that we are obligated to provide a safe and healthful workplace, free from any recognized hazards.
